(NOTE: Additional Parents will be on this panel based on student leadership.)

For many years, SHIELD has annually produced a quality yearbook that vaguely reminds you of the ones you had in high school. Only in this case, our values of home schooling are reflected with pictures of families, vacations, and school days at home. Unlike most yearbooks, this is NOT for high school only. We feature all students, kindergarteners to seniors, and the events and clubs that are offered through SHIELD.

We encourage you to participate. We will request pictures, artwork, and quotes from the membership of STUDENTS OF ALL AGES throughout the year so we can create a yearbook that reflects YOU! Please be sure to respond to requests and deadlines made via newsletter and email.

We also encourage your 8<sup>th</sup>-12<sup>th</sup> grade students to participate on the Yearbook Staff. As an advisory panel, we see this as an opportunity for students to express their creativity, learn to work with others, and to develop leadership skills by working on a project from start to finish. After the first year of learning how things work, students will be eligible to hold leadership positions on the staff. Be sure to pick up an application to join! Your student can also earn high school credit for the time spent working on the yearbook. Ask a panel member for more information.

We hold monthly meetings and layout sessions, along with periodic training and photo assignments. Near the end of production in February, one week will be set aside for concentrated work and editing on the book. Your student will be required to participate. At this point, all staff members (including new ones!) are required to produce at least two pages of the yearbook. New staff members will be paired with experienced ones, so don't worry about that!

We will also be holding fundraisers throughout the year to offset the price of the yearbooks. Our cost is significantly higher than what we charge you. Please be sure to support us so we can have fun together while keeping the costs for the yearbooks low.
